EDUCATION

Carnegie Mellon University SCS , Bachelor of Science in Computer Science	2024 – 2028
▪ Relevant coursework: Fundamentals of Programming and Computer Science	
Dunecrest American School , IBDP Diploma (4.0/4.0 GPA)	2020 – 2024
▪ Relevant IBDP coursework: Math (AA) HL, Physics HL, and CS HL	
▪ Math capstone paper: "Chaos in Imagination"	
o Wrote research paper on complex numbers' application in fractal structures	
▪ Computer Science capstone paper: "Blockchain and Hospitals"	
o Conducted a study on the cryptographic blockchain algorithms for hospitals	
MOOCs (Massively Open Online Courses) , completed 28 total, relevant selected below	
▪ Microsoft: Azure AI Fundamentals	Jun 2023
▪ IBM: Test and Behavior Driven Development	May 2023
▪ London App Brewery: Web Development Course	Dec 2020
▪ Pieran Data: Python	May 2019
▪ London App Brewery: Swift iOS App Development	Oct 2018

LEADERSHIP EXPERIENCE

DYPO, Founder & CEO (dypo.org)	Sep 2019 - Aug 2024
▪ Lobbied Lebanon's Aley, Hasbaya, Abadieyh municipal reps to work on solar-powered internet infrastructure to reach 71k Druze families	
Duncrest Board of Governors, Student Representative	Nov 2018 – Aug 2024
▪ Served as the student representative for the entire school population of 1000 students	
▪ Provided quarterly feedback reports to the board and collect information regarding every aspect of student life with a focus on how to impact the student learning and wellbeing	
Duncrest Model United Nations, Secretary General & Founder	Nov 2018 – Aug 2024
▪ Led a conference with 100+ participating delegates and 20 chairs	
▪ Helped train chairs and delegates referring to official MUN guidelines	
▪ Organized topics related to cybersecurity and cybercrime inside the NATO committee	
Eagle Express Newspaper, Tech Leader & Founder	Nov 2019 – Aug 2024
▪ Appointed as the Technology Director for a team of over 30 writers	
▪ Designed and implemented an editing system for editors and journalists to interface	
TEDx@Duncrest American School, Organizer & Founder	Sep 2020 – Aug 2024
▪ Organized an event that garnered hundreds of viewers using a live-streaming solution	
▪ Trained 20 students and adults in public speaking	
Duncrest Coding Club, President & Founder	Sep 2017 – Aug 2024
▪ Organized classes and projects for over 20 students	
▪ Created competitions and facilitated coding fairs where students showed off their projects	
▪ Implementing a full curriculum for learning the essentials of programming using Python	

PROFESSIONAL EXPERIENCE

Shortpoint LLC, Software Developer	May 2023 – Nov 2024
▪ Engineered a mobile app that handled the booking of Padel-Tennis courts nationally.	
▪ Developed a comprehensive cloud-based architecture for the storage, real-time processing, and scalable distribution of booking data to a network of courts.	
▪ Achieved exclusivity agreement with the Government Sports Council to regulate bookings

Global Learning FZCO, Software Developer Intern	Jul 2023 – Nov 2023
▪ Developed a Contextual LLM using Anthropic's Claude 2	
▪ Reduced instructional downtime by 20% for 150 classrooms, reaching 3000 students in 20 schools	
Massarat FZCO, Software Developer Intern	Jun 2022 – Dec 2022
▪ Helped develop a Student Portfolio Neural Model to predict student trends	
▪ Pioneered the iOS platform and database endpoints using a no-code platform (called Ditoffi), enabling Massarat to scale up to 2000+ active users in over 50 districts	
CS Army (Computer Science Army - https://discord.com/invite/sU2fur9)	Nov 2018 – Present
▪ Supported an online community with over 20,000 global members	
▪ Volunteered as a mentor for the Python and iOS development community	
iDJ (iOS Development Journey)	Nov 2018 – Present
▪ Founder and current administrator of an online community with more than 200 active users	
▪ Helped teach hundreds of aspiring programmers through video events, projects, and meetings	

COMMUNITY SERVICE

Druze Council (The Initiative for Pioneers across Mount-Lebanon)	Aug 2023 – Present
▪ Delivering an extensive program that teaches the fundamentals of programming to Druze youth ¹	
#TodayAtApple Speaker	Dec 2019
▪ Spoke at Apple, Dubai Mall about my experience with coding and app development	
▪ Hosted a workshop to help introduce people to coding as a part of the Hour of Code event	

AWARDS

National Winner of the iOS Development Challenge, Ministry of Tolerance UAE	Apr 2023
▪ Selected from 5,000+ competitors to be the winner in the Dialogue and Education category	
Github Student Developer Pack Winner, Github	Apr 2022
▪ Winner of over 200K USD worth of crucial development perks (hosting, licenses, & subscriptions)	
CS Army Python Championship, CS Army	May 2022
▪ Selected as one of 200 winners from over 4,000 competitors	
Best Chair in UNSC (United Nations Security Council), GWAMUN²	Jan 2023
▪ Selected by the committee of over 20 to be the best chair	
Best Delegate for NATO (North Atlantic Treaty Organization), GWAMUN	May 2021
▪ Selected from a pool of 30 delegates	
Best Position Paper for NATO (North Atlantic Treaty Organization), GWAMUN	May 2021
▪ Selected as the best position paper on Human Trafficking	
Best Delegate for Dunecrest American School, GWAMUN	May 2021
▪ Selected from a pool of 20 top delegates	
Finalist in MENA, Apple Swift Student Developer Competition	Apr 2021
▪ Apple's inaugural coding competition with over 5000 global participants	

SKILLS

Spoken Languages – Fluent English and Arabic, Conversational Spanish and French
Computational Thinking – Fluency in tens of programming languages including Python, ObjC, Dart, and +
Communication –

¹ The Druze are the world smallest minority ethno-religious group with around a million members

² Gems World Academy Model United Nations (GWAMUN)
